Planning under (b) should include study of measures which might be taken to continue normal civil air services as long as possible. On purely hypothetical basis, Three Embassies should also review and complete planning for:

(d) QUOTE Garrison airlift UNQUOTE to transport Allied personnel and materiel as necessary in event of interruption of Allied surface traffic; and

(e) Substitution of military for civil aircraft under circumstances in which flight safety considerations would make it impossible continue normal civil flights.

END TEXT.

Would appreciate Embassy's comments.
